

FARHAD HANASAB

PRESIDENT HANASAB INSURANCE SERVICES

Farhad Hanasab established Hanasab Insurance Services more than 20 years ago with a simple goal—to most effectively meet his clients' insurance and financial needs. He specializes in working with affluent and high net worth individuals—including A-list celebrities and chief officers of publically traded companies—to protect the quality of life they have worked so hard to build.

"Rarely have I met an insurance professional that was more concerned with my true needs and protection than selling me more insurance," says one of Hanasab's affluent clients. "Farhad has a very impressive understanding not only of insurance itself, but also the insurance system. As such, he guides me in ways that that are economical but maximize protection. I have also been through a claim process with him, and he was my hero."

"Risk analysis and management, if done with correct emphasis and proper compliance with the law and knowledge of risk awareness, is an absolute necessity in our modern life!"

Hanasab understands the extreme importance of asset protection, and he believes that since no one can foresee the future, one must be prepared for every eventuality. His professional credo: "Protection for life."
